

All USERS WITH ACTUAL USAGE

All water users – usage rate is \$.0061 per gallon.

All sewer users – usage rate is \$.0084 per gallon.

**FOR ALL USERS HAVING CAPACITY BUT NOT USING IT
THERE IS A RESERVE CAPACITY CHARGE**

Reserved Capacity

Reserved capacity is based on 12,000 gallons reserved.

Water

Capacity Charge	Capital Replacement Charge	Total
\$30	\$24	\$54

Sewer

Capacity Charge	Capital Replacement Charge	Total
\$30	\$19.20	\$49.20

<u>Combined</u>		\$103.20
------------------------	--	-----------------

This rate adjustment is a mandated change to make the rate per gallon uniform for all users, large or small. This is a State of New Hampshire requirement.

We have reduced the overall amount being collected from user fees to cushion the impact. We have also used the savings to reduce the rates for the smaller users rather than just increase the rates for the largest users.

83% of the users (163) will see a lower water & sewer bill. It will be lower by as much as \$87 per year.

14% of the users (27), those using in excess of 12,000 gallons will see an increase in their bill by about \$125 per year.

Six of the largest users will see an increase between \$500 and \$1,000 per year.
