

Canaan Conservation Commission

November 4, 2013

Attendees: Len Reitsma, Bill Chabot, Alice Schori, Elizabeth Chabot, Dave McAlister, Noel Everts, Hilary Rogers, Aaron Allen

CCC- Finances

- A deposit of \$749 has been made in our account. Bill will touch base with Gloria regarding what the deposit represents.

McKee Property

- The walk took place October 13. Overall, the property looks good. The logs from last year's unsanctioned logging operation remain. The large trash piles from last year have been cleaned up. Some boundary areas need to be remarked.
- A shed has been noticed on the parcel used to fly model airplanes. This is not allowable according to the deed. Dave will discuss with Russell Lester and possibly invite him to the next meeting for a review of the deed.

Minutes

- There were no meeting minutes to review

Miscellany

- A New Deck proposal was forwarded to the Commission for review before submittal to DES. Len noticed that the paperwork was filled out incorrectly- the new construction will be within the prescribed set back from the lake. Dave McAlister will have the requestor re-do the paperwork prior to submitting to DES.
- There is a presentation next Thursday, November 7, in Dorchester about the Emerald Ash Borer.

Motion to adjourn made by Aaron, seconded by Bill

Next meeting to be held on December 2, 2013 at the Senior Center.
