Regional YRBS data suggests that in schools in Grafton, Sullivan, and Windsor Counties, 5%-12% of high school students report misusing prescription medications in the past 30 days.  
[2015 YRBS]

Nationally 50% or more high school age youth think that getting medication [not prescribed to them] from a family member is OK.

Take Back Days prevent pill abuse and theft by ridding our homes of potentially dangerous expired, unused, and unwanted prescription drugs. Bring your pills for disposal. The DEA cannot accept liquids or needles or sharps, only pills or patches. The service is free and anonymous, no questions asked.

Pharmaceutical drugs can be just as dangerous as street drugs when taken without a prescription or a doctor's supervision.

For more information on prescription drug abuse and safe disposal, go to:
